History and conservation at the harbour's edge

Q Station offers a range of excellent tours and activities for conference delegates and partners, as well as team building and incentive programmes.

The former Quarantine Station's sensitively restored buildings and artefacts offer a remarkable insight into Australia's early history and the challenges faced by Sydney's early settlers. The rare, protected natural environment of Q Station's grounds offers a unique opportunity to interact with the native flora and fauna whilst only 35 minutes from the city centre. Q Station offers a range of 'must do' activities that will enhance the experience for all guests.

Guided tours and activities

Explore the wonder and rich heritage of an excellent range of guided tours and activities available at this unique site. Go back in time through the lives and experiences of the people who came through the Quarantine Station; relive their stories through the comprehensive collection of memorabilia, photographs and displays in the Luggage Store Visitor Centre and Museum. Tour the restored heritage buildings, usually off limits to the general public and for an incredible, spine-tingling excursion, join one of the paranormal tours and listen to the unexplained, spooky and eerie happenings at the old Quarantine Station.

Team building

Q Station is the ideal team building venue, with an interesting variety of easily accessible terrain styles, including bushland, beach and water, excellent for a wide array of team activities.

Q Station can also tailor fun events, including experiential learning methods to promote teamwork, communication and leadership. There are a number of team leisure activities available including kayaking, sailing, beach volleyball, stand-up paddle boarding and more.

The day programmes include energiser and ice-breaker interludes, and the themed Amazing Race and Survivor games. Evening events can include wine tasting and Mastermind; designed to encourage participation, develop team spirit and cooperation.

Restaurants and lounges
